Springer International

Skeletal Radiology

Founded in 1976.

Volumes 1-7 (1976-1982) edited by J. Edeiken, P. Jacobs (as of Volume 7, Number 3, 1981), H.G. Jacobson, and R.O. Murray (up to Volume 7, Number 2, 1981)

The exclusive copyright for all languages and countries to reproduce and distribute articles, including reprints, photographic reproductions, microform or any other reproductions of similar nature, and translations, is transferred to the International Skeletal Society.

The Article-Fee Code on the first page of an article in this journal indicates the copyright owner's consent that copies may be made for personal or internal use, provided the stated fee for copying beyond that permitted by Section 107 and 108 of the United States Copyright Law is paid through the Copyright Clearance Center, Inc., 21 Congress Street, Salem, MA 01970, USA.

If a code does not appear, copies of the article, beyond that permitted by Section 107 and 108 of the United States Copyright Law, may be made without charge provided that permission is obtained from the International Skeletal Society.

The copyright owner's consent does not extend to copying for general distribution, for promotion, for creating new works, or for resale. Specific written permission must be obtained from the International Skeletal Society for such copying.

Authors of this journal can benefit from library and photocopy fees collected by VG WORT if certain conditions are met. If an author lives in the Federal Republic of Germany or in West Berlin it is recommended that he contact Verwertungsgesellschaft WORT, Abteilung Wissenschaft, Goethestraße 49, D-8000 München 2, for detailed information.

The use in this journal of registered trade names, trademarks, etc. without special acknowledgement does not imply that such names, as defined by the relevant protection laws, may be regarded as unprotected and thus free for general use.

While the advice and information in this journal is believed to be true and accurate at the date of its going to press, neither the authors nor the editors nor the publisher can accept any legal responsibility for errors or omissions that may have been made. The publisher makes no warranty, express or implied, with respect to the material contained herein.

Subject Index

- Abscess dissecting into the deltoid muscle, BCG-osteomyelitis of the proximal end of the humerus with an (*case report*) 75
- Aneurysm, mycotic, of the deep femoral artery causing bone resorption and production, simulating a primary bone neoplasm (*case report*) 289
- Ankle, synovial chondromatosis of the, with extracapsular extension (*case report*) 219
- Aplastic-hypoplastic lumbar pedicle, congenital, in infants and young children 259
- Arthrographic demonstration of the subcoracoid bursa 275
- Arthropathies, healed diabetic, the radiological residue of 167
- Arthropathy, destructive wrist, of pseudogout 255
- Baker cyst, calcified popliteal cyst (*case report*) 279
- BCG-osteomyelitis of the proximal end of the humerus with an abscess dissecting into the deltoid muscle (*case report*) 75
- Bone, carpal, coalition of 125
- Bone density measurements and radiologic examination of the skeleton in osteoporosis of old age, clinical relevance of 37
- Breast cancer, radiographic evaluation of therapeutic response in bony metastases in 159
- Brill-Symmers disease, malignant non-Hodgkin, of nasal mucosa, cervical lymph nodes, and tubular bones of the hands and feet (*case report*) 82
- Bronchial carcinoid tumor, metastasis to the femur from a (*case report*) 293
- Bronchial carcinoid tumor, verified osteolytic metastasis in the clavicle from a (*case report*) 155
- Bursa, subcoracoid, arthrographic demonstration of 275
- Calcific retropharyngeal tendinitis 203
- Calcific tendinitis, chronic, of the neck 207
- Calcification, diffuse soft tissue, in tumoral calcinosis 33
- Calcified popliteal cyst (Baker cyst) (*case report*) 279
- Calcinosis, tumoral, diffuse soft tissue calcification in 33
- Calcium pyrophosphate dihydrate deposition disease, charcot-like joints in 55
- Cancer, breast, radiographic evaluation of therapeutic response in bony metastases in 159
- Carcinoid tumor, bronchial, metastasis to the femur from a (*case report*) 293
- Carcinoid tumor, bronchial, verified osteolytic metastasis in the clavicle from a (*case report*) 155
- Carcinoma, invasive squamous cell, in skin with extensive neoplastic bony infiltration in association with Hansen disease (*case report*) 78
- Carpal bones, coalition of 125
- Cartilage-capped exostosis, chondrosarcomatous, transformation in a (*case report*) 135
- Cervical lymph nodes, nasal mucosa, and tubular bones of the hands and feet, malignant non-Hodgkin (Brill-Symmers) disease of (*case report*) 82
- Cervical split: a pseudofracture 267
- Cetacea, marine mammals, roentgenographic indicators of skeletal maturity in 119
- Charcot-like joints in calcium pyrophosphate dihydrate deposition disease 55
- Children, young, and infants, congenital aplastic-hypoplastic lumbar pedicle 259
- Chondrodysplasia, metaphyseal, with ectodermal dysplasia 107
- Chondromatosis, synovial, of the ankle with extracapsular extension (*case report*) 219
- Chondrosarcoma occurring in a patient with polyostotic fibrous dysplasia 197
- Chondrosarcomatous transformation in a cartilage-capped exostosis (*case report*) 135
- Chronic calcific tendinitis of the neck 207
- Clavicle, verified osteolytic metastasis in the, from a bronchial carcinoid tumor and probable osteoblastic metastasis in the humerus from the same lesion (*case report*) 155
- Clinical relevance of radiologic examination of the skeleton and bone density measurements in osteoporosis of old age 37
- Coalition of the carpal bones 125
- Cockayne's syndrome, the spectrum of X-ray manifestations 173
- Computed tomographic and radiographic findings with pathologic correlation. Intramuscular myxoma 15
- Congenital aplastic-hypoplastic lumbar pedicle in infants and young children 259
- "Cottonballoma" of femur (due to retained surgical sponge with foreign body giant cell reaction) (*case report*) 211
- CT scanning in a group of 174 patients with orthopedic and musculoskeletal problems, efficacy of 87
- Cuboid bone, dislocation of without fracture (*case report*) 287
- Cyst, subperiosteal synovial of knee (*case report*) 142

- Deltoid muscle, BCG-osteomyelitis of the proximal end of the humerus with an abscess dissecting into the (*case report*) 75
- Destructive wrist arthropathy of pseudogout 255
- Development, radiology of postnatal skeletal. V. Distal humerus 239
- Diabetic arthropathies, healed, the radiological residua of 167
- Diffuse soft tissue calcification in tumoral calcinosis 33
- Dislocation of the cuboid bone without fracture (*case report*) 287
- Dislocation at the infant hip, some effects of position on the roentgenographic diagnosis of 59
- Duplication of the patella ("double" patella) (*case report*) 223
- Dysplasia, ectodermal, metaphyseal chondrodysplasia with Dysplasia, polyostotic fibrous, chondrosarcoma occurring in a patient with 107
- Ectodermal dysplasia, metaphyseal chondrodysplasia with 107
- Effects of position on the roentgenographic diagnosis of dislocation at the infant hip 59
- Efficacy of CT scanning in a group of 174 patients with orthopedic and musculoskeletal problems 87
- Exostosis, cartilage-capped, chondrosarcomatous transformation in a (*case report*) 135
- Extracapsular extension, synovial chondromatosis of the ankle with (*case report*) 219
- Fat necrosis, metastatic, involving the tubular bones of the hands (and probably the feet) secondary to traumatic pancreatitis (*case report*) 147
- Feet and hands, tubular bones of, cervical lymph nodes, and nasal mucosa, malignant non-Hodgkin (Brill-Symmers) disease of (*case report*) 82
- Femoral artery, deep, mycotic aneurysm of causing bone resorption and production, simulating a primary bone neoplasm (*case report*) 289
- Femoral neck, pseudopathologic fracture of the 129
- Femur, "cottonballoma" of (due to retained surgical sponge with foreign body giant cell reaction) (*case report*) 211
- Femur, distal end of, metastatic disease developing in Paget disease of bone in the (*case report*) 229
- Femur, metastasis to, from a bronchial carcinoid tumor (*case report*) 293
- Femur, proximal, intraosseous lipomas with reactive ossification in the. Report of eight cases 1
- Fibrous dysplasia, polyostotic, chondrosarcoma occurring in a patient with 197
- Fluoroscopic evaluation of skeletal problems 191
- Foot, left, and right hand, gout affecting the tarsal and metatarsal bones of (*case report*) 225
- (Foreign body giant cell reaction due to retained surgical sponge) "cottonballoma" of femur (*case report*) 211
- Fox, wild artie, *Alopex lagopus*, spontaneous rickets in 43
- Fracture, pseudopathologic of the femoral neck 129
- (Giant cell reaction, foreign body, due to retained surgical sponge) "cottonballoma" of femur (*case report*) 211
- Giant cell tumor of tibia, osteosarcoma arising in (*case report*) 282
- Gout affecting the tarsal and metatarsal bones of left foot and right hand (*case report*) 225
- Hand, right and left foot, gout affecting the tarsal and metatarsal bones of (*case report*) 225
- Hands and feet, tubular bones of, cervical lymph nodes, and nasal mucosa, malignant non-Hodgkin (Brill-Symmers) disease of (*case report*) 82
- Hansen disease, invasive squamous cell carcinoma of skin with extensive neoplastic bony infiltration in association with (*case report*) 78
- Healed diabetic arthropathies, the radiological residua of 167
- Hemangiopericytoma of the soft tissues in the area of the left scapula (*case report*) 66
- Hemispherical spondyl sclerosis - A polyetiologic syndrome 99
- Hemophilia, myositis ossificans in 27
- Heterotopic bone, true, in the paralyzed patient 21
- Hip, infant, some effects of position on the roentgenographic diagnosis of dislocation of the 59
- Humerus, BCG-osteomyelitis of the proximal end of the, with an abscess dissecting into the deltoid muscle (*case report*) 75
- Humerus, distal. Radiology of postnatal skeletal development 239
- Humerus, probable osteoblastic metastasis in the, from a bronchial carcinoid tumor (*case report*) 155
- Infant hip, some effects of position on the roentgenographic diagnosis of dislocation of 59
- Infants and young children, congenital aplastic-hypoplastic lumbar pedicle 259
- Intramuscular myxoma. Radiographic and computed tomographic findings with pathologic correlation 15
- Intraosseous lipomas with reactive ossification in the proximal femur. Report of eight cases 1
- Invasive squamous cell carcinoma of skin with extensive neoplastic bony infiltration in association with Hansen disease (*case report*) 78
- Iodine-125 labeled phenylphosphonic acid: A new radiopharmaceutical for long-term investigations of the skeleton 233
- Joints, charcot-like, in calcium pyrophosphate dihydrate deposition disease 55
- Knee, subperiosteal synovial cyst of (*case report*) 142
- Knee, synovial plicae of the 251
- Lamina of C7, notching of: A proposed mechanism 273
- Laminae and posterior spine, junction of the, characteristic features of a normal variant due to a bone thickening at the: The pulmonary pseudonodule 209
- Lipomas, intraosseous, with reactive ossification in the proximal femur. Report of eight cases 1
- Liposarcoma, pleomorphic, Grade IV, of the soft tissue, arising in generalized plexiform neurofibromatosis (*case report*) 150
- Low-grade osteosarcoma of the tibia (*case report*) 139
- Lumbar pedicle, congenital aplastic-hypoplastic, in infants and young children 259
- Lumbar spine, refinements of the anteroposterior angled caudad view of the 113
- Malignant non-Hodgkin (Brill-Symmers) disease of nasal mucosa, cervical lymph nodes, and tubular bones of the hands and feet (*case report*) 82
- Mammals, marine *Cetacea*, roentgenographic indicators of skeletal maturity in 119
- Marine mammals (*Cetacea*) roentgenographic indicators of skeletal maturity in 119
- Maturity, skeletal, in marine mammals (*Cetacea*), roentgenographic indicators of 119
- "Mechanical bull" thumb 131
- Mechanism, proposed: notching of the lamina of C7 273
- Metaphyseal chondrodysplasia with ectodermal dysplasia 107
- Metastasis to the femur from a bronchial carcinoid tumor (*case report*) 293
- Metastasis, verified osteolytic, in the clavicle from a bronchial carcinoid tumor and probable osteoblastic metastasis in the humerus from the same lesion (*case report*) 155
- Metastatic disease developing in Paget disease of bone in the distal end of femur (*case report*) 229
- Metastatic fat necrosis involving the tubular bones of the hands (and probably the feet) secondary to traumatic pancreatitis (*case report*) 147
- Metatarsal and tarsal bones of the left foot and right hand, gout affecting the (*case report*) 225
- Musculoskeletal and orthopedic problems, efficacy of CT scanning in a group of 174 patients with 87
- Mycotic aneurysm of the deep femoral artery causing bone

- resorption and production, simulating a primary bone neoplasm (*case report*) 289
- Myositis ossificans in hemophilia 27
- Myxoma, intramuscular. Radiographic and computed tomographic findings with pathologic correlation 15
- Nasal mucosa, cervical lymph nodes, and tubular bones of the hands and feet, malignant non-Hodgkin (Brill-Symmers) disease of (*case report*) 82
- Neck, chronic calcific tendinitis of the 207
- Necrosis, metastatic fat, involving the tubular bones of the hands (and probably the feet) secondary to traumatic pancreatitis (*case report*) 147
- Neoplasm, primary bone, mycotic aneurysm of the deep femoral artery causing bone resorption and production, simulating a (*case report*) 289
- Neoplastic bony infiltration, extensive, in association with Hansen disease, invasive squamous cell carcinoma of skin with (*case report*) 78
- Neurofibromatosis, generalized plexiform, pleomorphic liposarcoma, Grade IV, of the soft tissue, arising in (*case report*) 150
- Notching of the lamina of C7: A proposed mechanism 273
- Old age, osteoporosis of, clinical relevance of radiologic examination of the skeleton and bone density measurements in 37
- Orthopedic and musculoskeletal problems, efficacy of CT scanning in a group of 174 patients with 87
- Ossificans, myositis, in hemophilia 27
- Ossification center of tibia, osteoid osteoma of (*case report*) 71
- Ossification, reactive, in the proximal femur, intraosseous lipomas with. Report of eight cases 1
- Ossified scars in soft tissues (*case report*) 277
- Osteoblastic metastasis in the humerus, probable, from a bronchial carcinoid tumor (*cases report*) 155
- Osteoid osteoma of ossification center of tibia (*case report*) 71
- Osteolytic metastasis, verified, in the clavicle from a bronchial carcinoid tumor and probable osteoblastic metastasis in the humerus from the same lesion (*case report*) 155
- Osteoma, osteoid, of ossification center of tibia (*case report*) 71
- Osteomyelitis, BCG, of the proximal end of the humerus with an abscess dissecting into the deltoid muscle (*case report*) 75
- Osteopetrosis: An interpretation of its pathogenesis 185
- Osteoporosis of old age, clinical relevance of radiologic examination of the skeleton and bone density measurements in 37
- Osteosarcoma arising in giant cell tumor of tibia (*case report*) 282
- Osteosarcoma, low-grade, of the tibia (*case report*) 139
- Osteosarcoma, periosteal of rib (*case report*) 63
- Paget disease of bone in the distal end of femur, metastatic disease developing in (*case report*) 229
- Pancreatitis, traumatic, metastatic fat necrosis involving the tubular bones of the hands (and probably the feet) secondary to (*case report*) 147
- Paralyzed patient, true heterotopic bone in the 21
- Patella, duplication of the ("double" patella) (*case report*) 223
- Pathogenesis, an interpretation of its: osteopetrosis 185
- Pathologic correlation, radiographic and computed tomographic findings with. Intramuscular myxoma 15
- Periosteal osteosarcoma of rib (*case report*) 63
- Phenylphosphonic acid, iodine-125 labeled: A new radiopharmaceutical for long-term investigations of the skeleton 233
- Pleomorphic liposarcoma, Grade IV, of the soft tissue, arising in generalized plexiform neurofibromatosis (*case report*) 150
- Plexiform neurofibromatosis, generalized, pleomorphic liposarcoma, Grade IV, of the soft tissue, arising in (*case report*) 150
- Plicae, synovial, of the knee 251
- Polyetiologic syndrome - Hemispherical spondylosclerosis 99
- Polyostotic fibrous dysplasia, chondrosarcoma occurring in a patient with 197
- Popliteal cyst, calcified (Baker cyst) (*case report*) 279
- Position, effects of, on the roentgenographic diagnosis of dislocation at the infant hip 59
- Postnatal skeletal development, radiology of V. Distal humerus 239
- Primary bone neoplasm, mycotic aneurysm of the deep femoral artery causing bone resorption and production, simulating a (*case report*) 289
- Pseudofracture: the cervical split 267
- Pseudogout, destructive wrist arthropathy of 255
- Pseudonodule, pulmonary: Characteristic features of a normal variant due to a bone thickening at the junction of the laminae and posterior spine 209
- Pseudopathologic fracture of the femoral neck 129
- Pulmonary pseudonodule: Characteristic features of a normal variant due to a bone thickening at the junction of the laminae and posterior spine 209
- Radiographic and computed tomographic findings with pathologic correlation. Intramuscular myxoma 15
- Radiographic evaluation of therapeutic response in bony metastases in breast cancer 159
- Radiologic examination of the skeleton and bone density measurements in osteoporosis of old age, clinical relevance of 37
- Radiological residua of healed diabetic arthropathies 167
- Radiology of postnatal skeletal development V. Distal humerus 239
- Radiopharmaceutical, new, for long-term investigations of the skeleton: Iodine-125 labeled phenylphosphonic acid 233
- Refinements of the anteroposterior angled caudad view of the lumbar spine 113
- Refsum syndrome (*case report*) 214
- Relevant signs of stable and unstable thoracolumbar vertebral column trauma 179
- Residua, radiological, of healed diabetic arthropathies 167
- Retropharyngeal tendinitis, calcific 203
- Rib, periosteal osteosarcoma of rib (*case report*) 63
- Rickets, spontaneous, in the wild arctic fox *Alopex lagopus* 43
- Roentgenographic diagnosis of dislocation at the infant hip, some effects of position on the 59
- Roentgenographic indicators of skeletal maturity in marine mammals (*Cetacea*) 119
- Scapula, left, hemangiopericytoma of the soft tissues in the area of the (*case report*) 66
- Scars, ossified, in soft tissues (*case report*) 277
- Skeletal maturity in marine mammals (*Cetacea*), roentgenographic indicators of 119
- Skeletal problems, fluoroscopic evaluation of 191
- Skin, invasive squamous cell carcinoma of, with extensive neoplastic bony infiltration in association with Hansen disease (*case report*) 78
- Soft tissue calcification, diffuse, in tumoral calcinosis 33
- Soft tissue, pleomorphic liposarcoma, Grade IV, of the, arising in generalized plexiform neurofibromatosis (*case report*) 150
- Soft tissues in the area of the left scapula, hemangiopericytoma of the (*case report*) 66
- Soft tissues, ossified scars in (*case report*) 277
- Spectrum of X-ray manifestations of Cockayne's syndrome 173
- Spine, lumbar, refinements of the anteroposterior angled caudad view of the lumbar spine 113
- Spine, posterior, and laminae, junction of the, characteristic features of a normal variant due to a bone thickening at the: The pulmonary pseudonodule 209
- Split, cervical: a pseudofracture 267

- Spondylosclerosis, hemispherical - A polyetiologic syndrome 99
- Spontaneous rickets in the wild arctic fox *Alopex lagopus* 43
- Squamous cell carcinoma of skin, invasive, with extensive neoplastic bony infiltration in association with Hansen disease (*case report*) 78
- Stable and unstable thoracolumbar vertebral column trauma, relevant signs of 179
- Subcoracoid bursa, arthrographic demonstration of 275
- Subperiosteal synovial cyst of knee (*case report*) 142
- Synovial chondromatosis of the ankle with extracapsular extension (*case report*) 219
- Synovial cyst, subperiosteal, of knee (*case report*) 142
- Synovial plicae of the knee 251
- Tarsal and metatarsal bones of the left foot and right hand, gout affecting the (*case report*) 225
- Tendinitis, calcific retropharyngeal 203
- Tendinitis of the neck, chronic calcific 207
- Therapeutic response in bony metastases in breast cancer, radiographic evaluation of 159
- Thoracolumbar vertebral column trauma, stable and unstable, relevant signs of 179
- Thumb, the "mechanical bull" 131
- Tibia, low-grade osteosarcoma of the (*case report*) 139
- Tibia, osteoid osteoma of ossification center of (*case report*) 71
- Tibia, osteosarcoma arising in giant cell tumor of (*case report*) 282
- Transformation, chondrosarcomatous, in a cartilage-capped exostosis (*case report*) 135
- Trauma, relevant signs of stable and unstable thoracolumbar vertebral column 179
- Traumatic pancreatitis, metastatic fat necrosis involving the tubular bones of the hands (and probably the feet) secondary to (*case report*) 147
- True heterotopic bone in the paralyzed patient 21
- Tubular bones of the hands and feet, cervical lymph nodes, and nasal mucosa, malignant non-Hodgkin (Brill-Symmers) disease of (*case report*) 82
- Tubular bones of the hands (and probably the feet), metastatic fat necrosis involving the (*case report*) 147
- Tumor, giant cell, of tibia, osteosarcoma arising in (*case report*) 282
- Tumoral calcinosis, diffuse soft tissue calcification in 33
- Verified osteolytic metastasis in the clavicle from a bronchial carcinoid tumor and probable osteoblastic metastasis in the humerus from the same lesion (*case report*) 155
- Vertebral column, thoracolumbar, trauma, relevant signs of stable and unstable 179
- View, anteroposterior angled caudad, of the lumbar spine, refinements of 113
- Wrist arthropathy of pseudogout, destructive 255
- X-ray manifestations in Cockayne's syndrome, the spectrum of 173
